

Next Steps

Check out these next steps to see how to grow and deepen your understanding of God.

- ❖ **Get yourself a bible and start making time to learn more about God and how it applies to you.** Grab a devotion of some sort as well to help you get started, If you are jumping right in jump into the Gospels Matthew, Mark, Luke, or John and go from there.
- ❖ **Get connected to a youth group and church.** Figuring out your faith and learning about the Bible, isn't always easy. God gives us community through the church., so that we can find support as we process through questions and learn how to live out our faith. We have Sunday school classes, youth group, etc.
- ❖ **Find a Godly mentor.** It is important to find someone that you can go to for questions about your faith. Having a person that can help shed light on things you don't know or understand is a huge help when trying to figure things out. Some possible mentors can be parents, youth leaders, pastors, Sunday school teachers.
- ❖ **Believers Baptism.** One great action we can take is following through our commitment to Christ in Baptism a public profession of you acceptance of Christ. Find your Pastor, youth leader to discuss.

If you have any questions about the next best steps for you please feel free to email Rooted Youth: gsbcrootedyouth@gmail.com or call our church office at (910)436-0276
